**PRESIDENT'S CORNER**

**Environment Volunteer Activity**

Lion Paul Rewerts is heading up our new community service project, where we will be cleaning the sides of Plainfield/Naperville Road from 75<sup>th</sup> Street to 87<sup>th</sup> Street that borders Springbrook Prairie. If you wish to participate, call Paul to get on the list. The dates are on Saturdays April 7, June 2, August 4, and October 6. Rain dates are the following Saturdays of each scheduled month. We will start at 8:00 am and meet in the parking lot on the West side of Plainfield/Naperville Road (model aircraft field). Gloves, bags and pickers will be provided. There will be a sign posted that mentions the NNLC as volunteers providing this community service.

**Slate of Incoming Officers**

Lions Ken Strugalla and Donna Kearney have stepped up and agreed to be the 1<sup>st</sup> and 2<sup>nd</sup> Vice Presidents for the upcoming year. Lion Paul Rewerts will also join the board.

**Concert Bake Sale**

One and done, just like in college basketball; our club was not chosen in the lottery to participate this year in the weekly bake sale held every Thursday summer night at the band shell. This is a loss of revenue for the club that hopefully be recouped with our annual raffle. Thanks, Lion Bob Hull for all the work you put into this event. You, however, are not one and done, because the summer raffle is around the corner.

**Lion Bill McManus**

Sadly, the passing of Lion Bill is not only a loss for his family, but also to the Lions. His leadership, integrity, and spirit made us a better club. We will certainly miss him.

### **Club News and Guest Speakers**

#### **LION BILL MCMANUS**

Our club said goodbye to another amazing Lion on March 7. Lion Bill was a 16-year member of the club, past president, Melvin Jones Fellow, and an integral part of making the Turkey Trot the success it is today.

Bill was born in Jersey City, New Jersey in 1934. He graduated from the University of Notre Dame in 1956 with a degree in chemical engineering. After college, Bill served in the U.S. Army.

He began working at United States Gypsum (USG) in 1959. Over time, he received a number of promotions before he retired in 1996 at Executive Vice President and COO of USG Interiors.

Bill is survived by his wife Margaret, six children, and seven grandchildren. Lion Bill will be greatly missed.

### **NEW MEMBER**

Welcome to the club, Denise French! Denise was inducted into the club on March 6. She works with Lions Al Knotek and Katie Hertzberg, her sponsor. She is also going to be helping Lion Donna Kearney with Social Services.

**Newly inducted Lion Denise with her sponsor

Linda Strugalla**

### **ST. BALDRICK'S**

As has become an annual tradition, our club helped with registration and money counting at the St. Baldrick's Day event at the Naperville Marriott on March 10. Lion Steve Hertzberg counted money. Lion Katie Hertzberg, with husband Brian and daughter Ellie, volunteered along with Lions Ken and Linda Strugalla, Jim Ebers, Donna Kearney, and Donna's husband Brian. Lion Bob Hull also helped out by bringing the club banner to be displayed. At the event alone, \$9,379 was collected.

**LION JIM KISER**

Lion Jim Kiser, our District 1-J Zone Chair for the Southeast Region, was named Darien Citizen of the Year at a gala banquet on March 3 attended by over 200 supporters. In addition to his 20 years serving the Lions, he has been active in numerous Darien civic events such as Darienfest and Darien Dash. Mayor Weaver and others gave tribute speeches including a proclamation read into the Congressional Record by U.S. Rep. Bill Foster.

Several regional Lions Clubs were represented, including Naperville by Jim and Linda Woodring and Yllena Sinclair.

**ADOPT-A-HIGHWAY**

As a new community service project, our club will be helping pick up trash along the side of the road four times this year. The first date is Saturday, April 7 at 8:00 am. The tentative future dates are June 2, August 4, and October 6.

The club will be working on the stretch of Plainfield/Naperville Road between 75<sup>th</sup> Street and 87<sup>th</sup> Street near Springbrook Prairie Preserve. The County of DuPage is involved in this project and supplies volunteers with vests, gloves, and garbage bags. In order to volunteer, each individual must sign a waiver and submit it to the county. See Lion Paul Rewerts for details and to fill out a waiver.

**BERNARD & ELSIE WEISS  
DAGO SCHOLARSHIP FUND**

On March 6, Brett Weiss was our speaker. Brett is the founder of the Bernard & Elsie Weiss Dago Scholarship Fund, which helps send children in Dago, Kenya to high school.

Brett made his first trip to Dago in 2009. While there, he experienced firsthand what life is like for the residents. Dago is a rural community of 3,000 and one of the poorest places on earth, with 5-15 people living together in mud huts. It is rare to find a child who has both parents living, as very few people make it to the age of 40. They live without plumbing, electricity, or medical care.

When it comes to education, the average Kenyan quits school in the fourth grade. The reason for this is that the government only pays for primary school. High school must be paid for by the family. By fourth grade, the children realize they will not be able to pay for high school and leave to go work.

Brett decided that he could make a difference by starting a scholarship program that would send these children to high school fully funded.

## *The Head Lion-er*

Once this program was up and running, the entire village was transformed. There was now a sense of hope.

Students must apply for the scholarships. The scholarships cover room and board for all four years of high school. The only rule that Brett places on the scholarships is that they are split equally between girls and boys. Girls are often pulled from school earlier and more often than boys. This ensures that they, too, will be given an opportunity.

The children attend high school away from home in a boarding school type setting. Brett has visited some of them and the schools, while still rudimentary by U.S. standards, are far more modern and advanced than Dago.

In addition to being more modern, the education received in high school is far superior. When the children return home on breaks, they are seen as heroes and looked up to.

Brett is looking to expand and provide more scholarships. The total cost to send a child to all four years of high school, including room and board and books, is \$3,500.

### **DOWNTOWN AURORA MAGIC**

Kate Purl was our guest speaker on March 13. Kate is the director of Downtown Aurora Magic, which until very recently was known as the Aurora Harry Potter Festival before corporate lawyers got involved and forced a rebranding.

Kate is a self-proclaimed Harry Potter superfan. While visiting another Harry Potter festival in Wisconsin, she had the idea to create her own local festival in 2017. She planned to have the festival along the Water Street Mall in downtown Aurora.

She had plans to accommodate about 1,500 people. Once news got out, more than 50,000 people RSVP'd to the event. At that point, she had to issue tickets. Tickets were only available in person and she sold out of the 3,500 available immediately.

At the inaugural event last year, everything went off without a hitch. There were 200 volunteers and 50 vendors. All of the vendors sold out before the day ended. Based on this success, she planned a two-day event for 2018. She received a call from Warner Brothers about one month before tickets went on sale and was no longer able to use the Harry Potter name.

Thinking fast, she modified the event slightly. It is now set for one day only, June 9. Kate has 30 vendors lined up to sell magical items. There are a variety of other activities on the schedule, including an owl rescue, scavenger hunt, school of witchcraft and wizardry, and Quidditch.

The proceeds from the event go to support five local charities that all provide volunteers for the event. The Aurora Lions Club will be on hand to sell ice cream and brooms.

## *The Head Lion-er*

Tickets are \$10.00 and available online at [downtownauroramagic.org](http://downtownauroramagic.org).

### **NAPERVILLE ASTRONOMICAL SOCIETY**

Rick Gering was our guest speaker on March 20. Rick was on hand to talk to the club about the Naperville Astronomical Society (NAS). NAS started as the astronomy club at Naperville High School in 1973. Some members of the club convinced the city to let them use a small piece of land on which an observatory was built. Today, NAS has 250 members from all over the western suburbs.

The observatory is located on Plainfield/Naperville Road just south of 95<sup>th</sup> Street. On the site, they have two telescopes in two different buildings. In the domed building is a 16-inch telescope used for visual astronomy. The neighboring building houses a 12-inch telescope that is hooked up to a monitor. Images are projected onto the monitor instead of the eyepiece. NAS holds public nights at the observatory at least once per month.

NAS also has two public open meeting each month on the first and third Tuesday at 7:30 pm. These take place on the first floor of the Naperville Municipal Center on Eagle Street in downtown Naperville. At these meetings, they have guest lecturers and presentations.

The public is welcome to all events and everything is free. They even offer a service to inspect broken telescopes. Anyone can bring a

telescope to any meeting and a member will help diagnose the problem and provide any assistance available. You can also find NAS members on the Riverwalk during the summer. They set up their equipment and try to get passersby interested in astronomy.
